

REIMAGINE YOUR BUSINESS WITH A DIGITAL SOLUTION

ABOUT US IN 30 SEC ▶

SERVICES >

WHAT DOES IMBASynergy ABOUT?

Imbasynergy provide wide spectrum of services from basic e-commerce website to large online video streaming platforms.

Technology is revolutionizing how we work, opening opportunities to create new business models, spark innovation, nurture product development, and engage customers in meaningful experiences.

ADAPT TO YOUR NEEDS

WIDE RANGE OF INTEGRATIONS

We enable integration with a wide range of existing on-premise and cloud systems. Creating seamless workflows with ERP and CRM software, such as SAP and Salesforce.

DEVICES

The interface is accessible on browsers, mobile, tablets, and more so users can access what they need from every touchpoint.

CUSTOMIZED SOLUTIONS

We design custom solutions to address your unique business problems and specific department needs.

EFFICIENT DEPLOYMENT

By bringing people and systems together we optimized workflows. Technology enables your business to deliver solutions that achieve fast and high-quality results for your customers.

SCALABLE AND HIGHLY MOBILE

With business processes constantly changing, we support your company to quickly and securely deliver, test, and scale systems as needed.

ONLINE CHAT AND LIVE STREAMING

We developed chat plugins and live video streaming for various CMS. These tools could be integrated into your business and website.
